FORMAL REPRESENTATION

Regarding Binance P2P Transactions with Shri Narayan Chandra Mathur and the Freeze on the Company's Bank Account

To,
The Investigating Officer
Cyber Crime Police Station
Jaipur, Rajasthan

Subject: Submission of facts and documentary evidence regarding Binance P2P transactions with Shri Narayan Chandra Mathur, and request for verification and resolution of the freeze/lien on ICICI Bank current account No. 777705067455 of Blynk Virtual Technologies Pvt. Ltd.

Reference: Complaint of Shri Narayan Chandra Mathur, 7/440, Sector 7, Malviya Nagar, Jaipur – 302017: NCRP Acknowledgement / FIR No. _____ dated _____.
Freeze/lien on the above account: amount _____, intimated on _____.

Respected Sir/Madam,

I, **Sushil Verma**, Compliance Manager / Authorised Representative of Blynk Virtual Technologies Private Limited ("**Blynk**" or "**the Company**"), respectfully submit this representation on behalf of the Company. We understand that Shri Narayan Chandra Mathur of Malviya Nagar, Jaipur ("**the complainant**") has reported a cyber fraud, and that a freeze/lien has been placed on the Company's ICICI Bank current account in connection with his complaint.

The Company sold USDT to the complainant on three Binance P2P orders that he placed on 06/08/2026, 23/09/2026 and 24/09/2026. He paid 12,43,125 in all, from bank accounts of which he is a holder, and received 11,719.46 USDT in his own Binance account. On a recorded call on 01/10/2026, he described how he had been drawn in through an online trading platform and by a person posing as an officer, who had him transfer the USDT onward "for verification". The Company has no connection with those persons. We place the complete record before you and will cooperate with the investigation in every way.

1. THE COMPANY AND ITS ROLE

Blynk is a USDT service provider. It buys and sells USDT, a virtual digital asset, with verified users on the Binance P2P platform under the merchant name "BlynkEx". It sells USDT at the price in its Binance advertisement and receives the rupee payment only in its own bank account. In this matter the Company did only that: in good faith, it sold USDT to the complainant on Binance P2P orders that he placed himself, against payment from his own bank accounts, and the USDT was released to his own Binance account. We state clearly that the Company:

- (a) **is a USDT service provider only, not an investment scheme.** It does not run, sell or promote any investment plan, trading platform, returns or trading tips, and offered none to the complainant;
- (b) **facilitated each transaction through Binance P2P in good faith,** at the advertised price, and delivered the full quantity of USDT for each order to his Binance account;
- (c) **has no connection with any fraudulent group.** It has no connection, direct or indirect, with any person, group or platform that may have induced or defrauded him, including the persons he has named ("Manav Malhotra" and "Karan Sharma"), the online trading platform he described, and the wallet address to which, he says, the funds were sent. It does not know these persons;
- (d) **received his payments only in its own current account** with ICICI Bank, from accounts of which he is a holder; and
- (e) **verified him before he paid for the first order, and explained its role to him on call.** He was verified on two recorded video calls on 06/08/2026, before he paid, and the Company's role was explained to him on the recorded calls of 01/10/2026 (Sections 4 and 6).

2. THE COMPANY'S BANK ACCOUNT

ACCOUNT HOLDER	BANK	ACCOUNT NO.	IFSC	TYPE
Blynk Virtual Technologies Pvt. Ltd.	ICICI Bank	777705067455	ICIC0000055	Current

This is the account under freeze/lien. All three payments from the complainant were made to it (Section 3).

3. THE ORDERS AND THE PAYMENT TRAIL

All three orders were placed on Binance P2P by the buyer account "P2P-cad903x6", whose Binance-verified name is **NARAYAN CHANDRA MATHUR**. Binance's signed order receipts are at Exhibit 1.

S. NO.	DATE	AMOUNT (INR)	MODE AND INSTRUMENT	REMITTING ACCOUNT
1	06/08/2026	7,10,000.00	NEFT through ICICI Bank, Girdhar Marg branch, Jaipur, against his self cheque No. 000950	ICICI Bank SB A/c 675401004158, Narayan Chandra Mathur
2	23/09/2026	4,00,000.00	Cheque No. 106221 dated 23/09/2026, payable to the Company	ICICI Bank SB A/c 001201007184, Jyoti Mathur & Narayan Chandra Mathur (joint)
3	24/09/2026	1,33,125.00	Cheque No. 106223 dated 24/09/2026, payable to the Company	The same joint account
Total		12,43,125.00		

Notes. (i) Each payment was made to the Company's ICICI account No. 777705067455; the Company's bank statement for these dates will be produced. (ii) The transaction reference on the bank's NEFT acknowledgement for payment 1 is handwritten partly over the printed text and reads approximately "000173 IN526218007...28423"; the bank's records will confirm it. (iii) The cheques for payments 2 and 3 are drawn on a joint account in the names of Smt. Jyoti Mathur and the complainant, and both names are printed on them. (iv) The total paid equals the total value of the three orders. Copies of the instruments, as the complainant photographed and shared them, are at Exhibit 4, and the full trail is at Annexure A.

4. KYC AND DUE DILIGENCE

The complainant was verified before he paid for the first order, and his bank statement was obtained for each order. The full chronology is at Annexure B.

- (a) **Identity.** On 06/08/2026, in the Binance order chat, he provided his Aadhaar card, PAN card and mobile number (+91 70731 37996). After reviewing his documents, the Company completed Binance's additional-verification step for the order, which shows "Additional Verification: Verified". His Binance-verified name matches his Aadhaar card, PAN card and bank accounts (Exhibits 2 and 5).
- (b) **Recorded video verification.** Before he paid for the first order, he was verified on two WhatsApp video calls on 06/08/2026, at 15:22 and 15:46 hrs, both of which were screen-recorded (Exhibit 9; transcript at Annexure C). On the first call he gave his full name and his address as on his Aadhaar card, said that he and his son wished to invest in crypto, that he had broken his fixed deposit for it and was using Binance, and that he works as a technical consultant. On the second call he confirmed that he knew how such an investment works and the risk of crypto, that the money came from the closure of his fixed deposit, and that he accepted liability if any lien arose on the Company's account for the 7,10,000 order ("हाँ, मैं ले रहा हूँ", "Yes, I am taking it").
- (c) **Purpose and source of funds.** In the order chat he stated the purpose as "investing in crypto for holding" and the source of funds as "closure of fd". The ICICI statement he furnished for 06/07–06/08/2026, and the SMS alerts he shared, show fixed-deposit closure proceeds of 5,00,432 and 1,98,859 credited on 06/08/2026, before his payment (Exhibit 6).

- (d) **Joint account.** For the September orders he furnished the statement of ICICI A/c 001201007184. As the statement was in the name of Smt. Jyoti Mathur only, the Company asked him for proof that the account was joint. He furnished a cancelled cheque of the account printed "JYOTI MATHUR & NARAYAN CHANDRA MATHUR" and Smt. Mathur's Aadhaar card (Exhibits 4, 5 and 8). The statement showed 2,37,880.00 in the account and 2,51,309.68 in a linked fixed deposit, and he confirmed that the payment would draw on the linked deposit (Exhibits 7 and 8).
- (e) **Source of each payment.** Every payment came from an account of which he is a holder, and was made only to the Company's own account.

5. WHAT THE COMPLAINANT HAS STATED

On the recorded call of 01/10/2026 (18:51 hrs, 19 min 48 s), the complainant told the Company's representative that (positions in the recording; Annexure D):

- (a) an "online trading" platform had shown him a "very big profit" (06:30);
- (b) a person calling himself "Karan Sharma", introduced to him as an RBI officer, told him that he could not be given his withdrawal unless there was money in his Binance account, and the last money, from his wife's account, went for this (08:22-08:41 and 15:49-16:06);
- (c) he paid "[5,35,000]" to the Company, obtained "about 5,000 USDT", and on that person's instruction transferred it "for verification", and it has not come back (16:35-17:15). These figures correspond closely to his two September orders with the Company, which total 5,33,125 for 5,002.34 USDT;
- (d) "Karan Sharma" was demanding a further 3,500 USDT from him (09:48);
- (e) "Manav Malhotra" had given him the Company's number; he believes that "it is all a gang", and that the same people told him about the Company (00:08-00:35 and 01:31); and
- (f) the address he had sent the Company on 26/09/2026 is the "ID" to which the money was transferred from him (05:58-06:12), and that it was done on "BNB" (10:55).

These statements show that the USDT sold by the Company reached his own Binance account, and that the loss arose afterwards, when he transferred it to the persons who had induced him, with whom the Company has no connection. A photograph of a Binance app screen that he shared on 23/09/2026 at 17:34 hrs, while the second order was open, shows an estimated total value of less than one rupee. This indicates that the 6,717.12 USDT bought on 06/08/2026 was no longer in that account by then (Exhibit 8).

6. EVENTS AFTER THE LAST ORDER, AND THE CALLS OF 01/10/2026

No order was placed or completed after 24/09/2026. On 25/09/2026 he asked for a further 3,500 USDT; the Company did not have the stock, and no order was placed. On 26/09/2026 he wrote "Can you help me !" and then forwarded a wallet address (Section 7(b)).

On 01/10/2026 a representative of the Company spoke to him on two calls, at 18:51 hrs (19 min 48 s) and 19:55 hrs (3 min 10 s). Both calls were recorded. The recordings are submitted on digital media, and the relevant parts are at Annexure D. On these calls the representative explained that the Company had only sold him USDT on Binance, asked for the particulars of the persons who had contacted him so that the Company could block them, and advised him not to make any further payment to them ("सर कुछ भी मत करना अब ... यहीं पर stop कर देना", 10:13).

Some remarks made informally on these calls were incorrect and do not reflect the Company's position, in particular: that USDT transferred on a blockchain cannot be traced by anyone, including the Government; that an appeal to "BNB" would freeze the recipient's funds; that the Company was taking action against him; and remarks about notices from the Enforcement Directorate and the police. The Company withdraws these remarks. It has not initiated any proceedings against the complainant and regards him as the victim of the fraud he has described. Transfers of USDT can be traced, and the records requested in Section 8 will identify the recipients.

7. INFORMATION THAT MAY ASSIST THE INVESTIGATION

- (a) **His Binance account.** The buyer account "P2P-cad903x6" (verified name NARAYAN CHANDRA MATHUR) received 6,717.12 USDT on 06/08/2026, 3,755.86 USDT on 23/09/2026 and 1,246.48 USDT on 24/09/2026 from the Company. His withdrawals and transfers after each order, with the destination addresses or Binance UIDs, will show where the USDT went. Binance provides such records to law enforcement through its Law Enforcement Request System and preserves them on request. His Binance profile shows that the account was registered on 10/11/2024 and that his first trade, about 07/12/2024, was not with the Company; it records four trades (three buys and one sell) with two counterparties (Exhibit 10).
- (b) **The wallet address he forwarded.** On 26/09/2026 at 15:32 hrs he forwarded to the Company the address 0xaE96AFD416E6E166FBf8E339Ccf5ECf20B066399, which he later described as the "ID" to which he had been made to transfer the money (Exhibit 8; Annexure D). It is a valid address on BNB Smart Chain and Ethereum. A preliminary look at public Ethereum records (etherscan.io, viewed on 07/10/2026) indicates a privately held wallet, not an exchange account, active since the end of July 2026, which receives USDT, including withdrawals from Binance, and passes it on through cross-chain bridges. Its activity on BNB Smart Chain, the network he named, should be obtained.
- (c) **The persons he has named:** "Manav Malhotra", who he says gave him the Company's number, and "Karan Sharma", who he says posed as an RBI officer.
- (d) **Earlier entries in his account.** On reviewing, after the complaint, the ICICI statement he furnished on 06/08/2026 (Exhibit 6, highlighted), the Company noted the following entries in July 2026, before his first order with the Company. The Company has no knowledge of these persons or transactions; they are noted only so that they can be examined against his account of the online trading platform.

8. OUR REQUESTS

We respectfully request your good office to:

- examine the complete order and payment trail and the records enclosed;
- obtain from Binance, through its law enforcement channel, the records of the buyer account "P2P-cad903x6", in particular the onward transfer of the 11,719.46 USDT delivered to it, and request Binance to preserve those records;
- trace the address at Section 7(b), identify the persons and the platform the complainant has named, and examine the entries at Section 7(d);
- consider the enclosed record before taking or continuing any action affecting the Company's ICICI account. The amounts in question are the price of USDT that the Company actually delivered to the complainant's own Binance account;
- if the investigation makes no adverse finding against the Company, direct ICICI Bank to lift the freeze/lien and, pending that, consider confining it to the amount specifically in question, strictly in accordance with law and the competent authority's procedure, so that the Company's unrelated business, salaries and statutory payments are not affected; and
- inform us of the case particulars, and give us an opportunity to produce the original records and to be heard.

9. UNDERTAKING OF COOPERATION

The Company undertakes to cooperate fully with the investigation and to produce its bank statements, Binance order records, KYC records, call and video recordings, the phones on which they were made, and any other information lawfully required.

The facts stated in this representation are true to the best of my knowledge and are based on the Company's records, copies of which are enclosed. We respectfully request your kind intervention for the proper verification and resolution of the matter.

Thanking you,
Yours faithfully,

For Blynk Virtual Technologies Private Limited
